

# Green 100 Real Estate for a Sustainable Future

This Designation comes as a result of the growing demand for REALTORS® to understand concerns of clients and implement sustainable practices in their day to day business.

**Green 100: Real Estate for a Sustainable Future** is one of three required courses comprising the curriculum of the Green **RE**source Council's Green Designation.

Three one-day courses focus on residential practice. Each day of the new course has a specific theme. To obtain and use the NAR's Green Designation, you must complete three (3) course requirements. (Green 100, Green 200, and Green 300).

**The Goals of "Green 100: Real Estate for a Sustainable Future" are to:**

- Lead students through an exploration of issues and trends in relation to real estate's role in finding the balance between people, planet, and prosperity
- Instill the mindset essential to building a green-focused real estate business
- Enable students to provide objective information to clients and customers on nationally recognized certifications and ratings programs that evaluate homes, products, energy efficiency, and professionals
